THE YACHT RACE.

The Second Great Contest Occurs
To-Day.

By Telegraph to THE SENTINEL.

SANDY HOOK, (9:30 a. m.) Sept. 11.—
Wind moderate, from the east, and the
weather is cloudy. The sea is going
down somewhat. Hope is expressed to-
day that the first real contest may take
place between the American yacht Puritan
and British yacht Genesta.

GRIM FOREBODINGS.

NEW YORK, Sept. 11.—It was with
grim forebodings that their journey
would be for a third time useless, that
the fleet of graceful yachts unfurled can-
vas last night and left their pleasant an-
chorage about Staten Island and headed
for the boisterous Horse Shoe. This
morning broke hopefully. Then off
shore a signal was hoisted on the flag
staff of the Highlands. The wind was
then from the northeast and blowing at
the rate of twenty miles an hour. Ex-
cursion steamers carried but few specta-
tors.

DOWN THE BAY.

SANDY HOOK, Sept. 11.—9:45 a. m.—
The Puritan and Genesta are coming
down the bay, both under sail. The
wind is sixteen miles an hour and from
the east.

10:20 a. m.—The Genesta has dropped
the tug and is now passing under sail.

THE START.

11:30 a. m.—Preparatory signal to
start has just been given.

11:36 a. m.—The yachts have started
and both are on the port tack.

11:42 a. m.—At the start from the Scot-
land lightship, the Puritan was to the
windward of the Genesta.

11:50 a. m.—An outward-bound bark
got into the way of both yachts, com-
pelling them to pay off. This placed the
Genesta ahead.

12:10 p. m.—The Genesta is ahead,
but to leeward of the Puritan.

12:25 p. m.—The Puritan is outpoint-
ing the Genesta and is well to wind-
ward.

12:35 p. m.—The Genesta is ahead a
little more than a mile.

1:10 p. m.—The Genesta has gone
about. The Puritan twenty seconds.

LATER.—The Genesta is ahead.

1:35 p. m.—The Genesta is ahead.

1:52 p. m.—The yachts have gone
about ten miles over the course. The
Genesta leads by about three minutes.

2:10 p. m.—The Puritan has gained
one minute and a half in the past half
hour.

2:25 p. m.—The Puritan has passed to
the windward of the Genesta.

THE PURITAN AHEAD.

2:30 p. m.—The Puritan is now ahead.

2:37 p. m.—The Genesta has run up
even with the Puritan, but the Puritan
is to windward.

HURRAH FOR THE PURITAN.

2:39 p. m.—The Puritan is two lengths
ahead.

IS IT A RACE?

3:45 p. m.—The Genesta and Puritan
have been out of sight for some time. If
they are not homeward-bound it is not
likely the race will be sailed within
seven hours, the limit of the time. The
signal service reports the wind at this
hour to be blowing at the rate of only
four miles an hour from the east.

Mr. Kelley Again Honored.

By Telegraph to THE SENTINEL.

NEW YORK, Sept. 11.—Mr. Anthony
M. Kelley was for the thirteenth time
elected and installed as president of the
Catholic Union last night. The next
convention of the association will be held
at Lancaster, Pa.

A Forger Surrenders.

By Cable to THE SENTINEL.

BANGOR, Me., Sept. 11.—Andrews,
mentioned as having surrendered himself
up in Chicago for forgery, is a nephew of

City Marshal Andrews, of this city. His
parents live in Warren, Maine. Seven
years ago he forged several checks on
Doan & Gaffor about \$8,000.

Pharmacists.

By Telegraph to THE SENTINEL.

PITTSBURG, Sept. 11.—The American
Pharmaceutical association concluded
its business and selected Providence as
the place for the next annual meeting in
September, 1886.

A Valuable Cargo.

By Telegraph to THE SENTINEL.

NEW ORLEANS, La., Sept. 11.—The
United States steamer Swatara left here
at 11 o'clock to-day. She has on board
\$10,000,000 in silver, doubtless the most
valuable cargo ever taken from this port.
At the quarantine station she will
transfer \$2,000,000 to the Yantic. When
this transfer is completed the vessel will
sail for its destination.

Bad Blood Spilled.

By Telegraph to THE SENTINEL.

WHEELING, Sept. 11.—Last night, in
an affray between striking coal haulers
and new men, two strikers were seriously
wounded. Later a crowd of miners
attacked the house of Isaac Jones, one
of the new haulers. Jones fired two
loads of buckshot into them, seriously
wounding Frank Eicklicker and Bernard
Moconough.

Fire Record.

By Telegraph to THE SENTINEL.

BEARDSTOWN, Ill., Sept. 11.—W. H.
McCormick's distillery burned last night
with most of the stock. The distillery
had been idle for some time. Loss \$40,-
000; insurance, \$18,000.

MILWAUKEE, Sept. 11.—A fire at the
Wilwaukee Cement company's mills,
four miles north, early this morning de-
stroyed three warehouses and eight
freight cars. The main building was
saved. The loss is estimated at \$35,000;
insurance, \$25,000.

Quarterly Report of the Western Union.

By Telegraph to THE SENTINEL.

NEW YORK, Sept. 10.—Dr. Marvin
Green, President of the Western
Union Telegraph Company, has pre-
sented his report for the current quar-
ter. Net revenue of the quarter end-
ing September 30th, based upon nearly
all the completed returns for July,
partial returns for August, and esti-
mating business for September, will be
about \$1,450,000; add surplus July list,
\$4,324,004, total, \$5,774,004. From
which appropriating for interest on the
bonded debt, \$123,768; sinking fund,
\$20,000, leaves a balance of \$5,630,235.
It requires, for a dividend of 1 1/2 per
cent. on the capital stock, a surplus of
\$4,430,393. The Executive Committee
recommended that a dividend of 1 1/2
per cent. be declared payable on the
15th of October, and that the stock
books be closed the 18th.

Though the laws of propriety are so
rigorously strict in Mexico that a gen-
tleman may not ride in the same car-
riage with the lady to whom he is be-
trothed, yet most desperate flirtations
are openly indulged in to an extent
which would put to blush New York,
Chicago, or San Francisco. Following a
seniorita up and down the promenade
and staring intently in her face is an
accepted mode of compliment, gratify-
ing to the recipient, but fraught with
danger to the adorer if she happens to
have other devoted swains, and it not
unfrequently happens that duels are
the result, she being pre-eminently the
belle who can boast the greatest num-
ber of such encounters.

T. C. CRAWFORD tells a queer little
story as illustrating Ferdinand Ward's
rapacity. Gen. Grant, he says, was
accustomed to go up to New York to
attend a board meeting from Long
Branch, and when he did he received
the usual director's fee of a ten-dollar
gold piece. This he always gave to
Mrs. Grant until she had some seventy
or eighty of them. Ward heard of this
and got hold of them. He had so
coaxed the remote saving of every indi-
vidual member of the family that when
the failure came there was not a single
member of the family who had \$100 at
his command.

THE Los Angeles Herald describes a
specimen of the vampire family recent-
ly caught there: "This huge specimen
measured twenty inches from tip to tip
of his wings, and was pretty well arm-
ed with teeth and claws. His head was
as large as the heads of four or five or-
dinary bat heads combined, and well
hooded with two ears fully as large as
a half-dollar. His majesty was as
vicious and warlike as a scorpion or
tarantula when confined, and his bite
would probably be as dangerous."

A Military Uprising at Madrid.

By Cable to THE SENTINEL.

PARIS, Sept. 11.—The Le Matin to-
day publishes a special telegram from
Madrid, via the frontier, stating that a
military uprising has taken place in that
city.

PROMPTLY CRUSHED.

LONDON, Sept. 11.—Advices from
Madrid say that the military rising in
that city was limited to one of the largest
barracks. The soldiers seized their arms
and shouted, "Death to our chiefs." The
authorities, who had feared an out-
break, were prepared for the rising and
vigorously suppressed it before it had
time to assume formidable proportions.
Every precaution has been taken to pre-
vent its recurrence.

NOTHING PERSONAL.

BERLIN, Sept. 11.—It is officially an-
nounced that there has been no personal
correspondence between Emperor Wil-
liam and King Alfonso regarding the
Caroline affair.

HE IS MAD.

MADRID, Sept. 11.—Admiral Topeti, un-
der secretary of marine, has resigned on
account of friendly terms embodied in
the Spanish reply to Germany, respect-
ing the Carolines affair.

NOT PEACEFUL.

PARIS, Sept. 11.—Spanish news to-day
is of a less peaceful character. Bellicose
manifestoes have been placarded in
many places. The Le Paris states it
has received information from an au-
thentic source that a German fleet has
been ordered to be in readiness in case
of emergencies.

A NEGRO RAPIST

Taken from Jail and Lynched.

By Telegraph to THE SENTINEL.

CINCINNATI, Sept. 11.—Last Saturday
a negro named Scales, who had just been
discharged from the Cincinnati work
house, and had obtained employment on
a farm in Boone county, Ky., made a
brutal assault and rape upon a five year
old daughter of a poor man named Luns-
ford. The negro knew that the child
was alone in the house before he entered
it. Having threatened to kill her if she
told, the little one did not tell her mother
until her pain compelled the disclosure.
Scales was arrested and with difficulty
taken to the Burlington jail. There have
been rumors nightly of attempts to
lynch him. At midnight last night a
mob gathered at Florence, and in wagons
and on horseback went to Burlington,
broke into the jail, carried the negro to a
dark woods on the turnpike and hung
him to a tree.

THE MOLLIES

Again at Their Old Tricks in
Pennsylvania.

By Telegraph to THE SENTINEL.

SHAMOKER, Pa., Sept. 11.—Mollie
Maguireism is again rampant. Nine
murders have recently occurred in the
northern coal fields and the mines are
frequently fired. Murderers and fire-
bugs go free. Moonlight rifle compa-
nies are drilling unmolested and the as-
sociation of miners and laborers are
daily growing by hundreds. It is well
known here that the Mollie Maguire
brotherhood has been quietly organizing
since last April, and a general outbreak
is confidently looked for before Novem-
ber.

president of the International Red Cross
society, announced her intention to vote
this fall and take the voter's oath, if
challenged.

A Depot Smashed.

By Telegraph to THE SENTINEL.

HUNTINGDON, Pa., Sept. 11.—The
western half of the Union depot was

completely destroyed this morning by
the carelessness of a train hand. The
switch left of the depot was left closed
and the engineer of a coal train at full
speed ran into the depot. The loss will
probably reach \$15,000.

Mine Laborers Organizing.

By Telegraph to THE SENTINEL.

INDIANAPOLIS, Sept. 11.—The Na-
tional Miners' Convention adopted the
following resolutions:

Resolved, That we commend the
establishment of a national union to be
known as the National Federation of
Miners and Mine Laborers.

Resolved, That the membership of
this association shall be composed of
all miners and mine laborers in and
around the mines of the United States
and Territories, who will subscribe to
the constitution and laws of the federa-
tion, and be governed by them in all
their parts and conform to the prin-
ciples upon which they are based.

Resolved, That the executive and
legislative power of the association
shall be vested in an executive board,
to be composed of five members at-
large, and one member from each of
the bituminous coal producing dis-
tricts, and one member from the an-
thracite; and in the general conven-
tion the board shall guide the actions
of the association upon all questions of
general importance to its members.

Resolved, That the objects of the as-
sociation will be to promote the inter-
ests of the miners and the mine labor-
ers, morally, socially, and financially;
for the protection of their health and
their lives; to spread intelligence
among them; to remove, so far as pos-
sible, the cause of strikes, and to adopt,
wherever and whenever practicable,
the principles of arbitration and res-
triction; to urge upon all miners and
laborers the necessity to become citi-
zens, and by the use of the ballot to
secure the services of men friendly to
labor, both in our State and National
legislative bodies, and to create a fund
for the support and protection of the
members of the association.

Second—To obtain legislative en-
actments for the more efficient man-
agement of mines, whereby the lives
and health of our members may be
better preserved.

Third—To shorten the hours of labor
in the mines.

Fourth—To protect all members
who are unjustly dealt with by their
employers, while endeavoring to carry
out the behests of the association.

Fifth—To assist all similar organi-
zations which have the same object in
view, to-wit: Mutual protection of
members, and protection of labor
against the encroachment of capital.

The discussion yesterday was almost
entirely upon the question of the
screening and the weighing of coal.

Philadelphia, it is understood, will fur-

THE PENSION AGENCY.

An Opinion Prevails That Gen.

By Telegraph to THE SENTINEL.

WASHINGTON, Sept. 11.—A special to
the Indianapolis Journal says that Presi-
dent Cleveland's return has renewed the
talk among Hoosiers here about who will
likely get such federal positions as have
to be disposed of in Indiana.

Much has been said during the past
forty-eight hours about the pension
agency. General Kneller's successor, it
is said, will be determined upon very
soon. For a while the name of Mayor
Zollinger, of Fort Wayne, was spoken of
a great deal, but it seems to have drop-
ped out, for the present, at least. A
crowd of Indiana democrats were dis-
cussing the subject, when one of the best
informed remarked that he believed Gen-
eral Manson would get the place.

"I do not know that General Manson
has indicated that he would like to be
pension agent," said the gentleman,
"but I have heard a great many demo-
crats in and out of the states

FOR THE BLOOD BROWN'S IRON BITTERS

Combining IRON with PURE VEGETABLE TONICS, quickly and completely CLEANSSES and ENRICHES THE BLOOD. Quickens the action of the Liver and Kidneys. Clears the complexion, makes the skin smooth. It does not injure the teeth, cause headache, or produce constipation—ALL OTHER IRON MEDICINES DO. Physicians and Druggists everywhere recommend it.

Dr. N. S. ROGERS, of Marion, Mass., says: "I recommend Brown's Iron Bitters as a valuable tonic for enriching the blood, and removing all dyspeptic symptoms. It does not hurt the teeth."

Dr. F. M. DEXTER, of Reynolds, Ind., says: "I have prescribed Brown's Iron Bitters in cases of anemia and blood diseases, when a tonic was needed, and it has proved thoroughly satisfactory."

Mr. Wm. BYRNE, 36 St. Mary St., New Orleans, La., says: "Brown's Iron Bitters relieved me in a case of blood poisoning, and I heartily commend it to those needing a purifier."

CHOLERA is rapidly moving westward and will soon appear in this country. In order to prevent disastrous effects from its ravages every preventive should be employed, and the system should be in perfect condition. At this season of the year the system is in a weak state and easily susceptible to dangerous disease. Pain in the back, weariness, lassitude, headache, dyspepsia, indigestion, kidney and liver complaints are but the result of neglect. During the last visitation of cholera to this country no medicine was found equal to Mischler's Herb Bitters, both as a preventive and cure, and it has been equally successful in all the diseases above mentioned. It renews and invigorates the blood, restoring to health and strength, and thus shielding the system from disease.

Ask your druggist for Mischler's Herb Bitters. If he does not keep it do not take anything else, but send a postal card to Mischler's Herb Bitters Co., 106 Commerce Street, Philadelphia.

KOKOMO is agitating the question of water works. The cities of Crawfordsville, Muncie, Shelbyville, Frankfort and Wabash have this summer contracted for water works.

THE roller rinks have been the cause of numerous scandals at Centralia, Ill., and, it is alleged, have resulted in the downfall of many young women. The pastor of the First Presbyterian church, in Sunday's sermon denounced the rinks and pointed out the dangers lying in the paths of the girls who frequent them.

THERE is prospect of relief for a suffering community. The druggists of Philadelphia, which is the headquarters of the patent medicine business, say that the rate-cutting on these medicines has become so great that there is no longer any profit either for the manufacturer or the seller. That being the case, their production will soon cease, and sick people will have an opportunity to get well.

It is an interesting fact that many American men of letters are not college graduates. Walt Whitman, Whipple, Trowbridge, Field, Parton, Bayard Taylor, Eggleston, Harte, Howells, James, Aldrich, Lathrop, Stockton, Piatt, Cable, Crawford, Fawcett, Gilder, Harris, Carleton, "Mark Twain," Stoddard, and Burroughs, it is said, have gained all their knowledge and culture outside of college walls.

WHEN we fall upon an Indian camp, says an army officer, we usually kill everything. The Indians won't ask for quarter; we can't take them prisoners; we are forced to exterminate them. The squaws fight as well as the men, and we can't avoid killing them, too. Somehow, most of the children perish. When the Indians surprise a settlement, of course they retaliate. It is hard work to fight Indians under the conviction that they are right and we are wrong. That was my state of mind, and I soon exchanged from the cavalry into the artillery, to get rid of the necessity of Indian warfare.

NINETY years old, and for sixty years filling the chair of history in the University of Berlin, Prof. von Ranke still works about eight hours a day—from 8 to 12 and from 6 to 10. He dictates now to an amanuensis. A friendly physician forbids his leaving the upper story in the house in Luisen Strasse, where he has resided for the last forty years. His habits and ways of life are extremely simple. His little cot reminds one of the equally simple couch of the Duke of Wellington. He has a great horror of professional interviewers. He says that after he completes his present work on universal history he "intends, if it please God, to write recollections of his own life."

"The young man who was raised a pet is becoming a nuisance," says the Cincinnati Enquirer. "He is seldom of any good. What is wanted now-a-days is a practical man who can do something else besides smoke cigarettes and twist a cane. The time to learn to work and to learn business habits is in one's youth. He who leads the life of a butterfly until he is twenty-five or thirty years of age and then recognizes the fact that he has made an ass of himself, has precious little to recommend him when he applies

for a job. This may be a chestnut, but it fits a few young men of every city in the Union. The boys at the reform farm are better off, if they only knew it, than thousands of the boys who are at large. There is nothing like being practical, and there is but one way to be so, and that is to be so. Acquire business habits and train yourself to good, honest, hard work. Don't waste your time learning to tie a cravat. You can buy a cravat already tied."

Quarterly Report of the Western Union.

By Telegraph to THE SENTINEL.
New York, Sept. 10.—Dr. Marvin Green, President of the Western Union Telegraph Company, has presented his report for the current quarter. Net revenue of the quarter ending September 30th, based upon nearly all the completed returns for July, partial returns for August, and estimating business for September, will be about \$1,450,000; add surplus July 1st, \$4,324,004, total, \$5,774,004. From which appropriating for interest on the bonded debt, \$123,768; sinking fund, \$20,000, leaves a balance of \$5,630,235. It requires, for a dividend of 14 per cent on the capital stock, a surplus of \$4,430,393. The Executive Committee recommended that a dividend of 14 per cent be declared payable on the 15th of October, and that the stock books be closed the 18th.

which scrofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue. For purifying and vitalizing effects, Hood's Sarsaparilla has been found superior to any other preparation. It expels every trace of impurity from the blood, and bestows new life and vigor upon every function of the body, enabling it to entirely overcome disease.

The pains in the back and general feeling of lassitude that so frequently come upon us are the result of kidney troubles of which we may have previously been unaware. B. Bailey, of Chillicothe, O., writes: "I had frequently experienced severe pains in the back caused by an affection of the kidneys. I was recommended to use Mischler's Herb Bitters, which I did, and I am happy to say it gave me almost instantaneous relief, and has now effected a permanent cure."

In the Hop Plasters the virtues of fresh hops are combined with strengthening and stimulating balsams, and its cures of weak back, pain in the side, rheumatism, neuralgia or pain in the chest are simply marvelous, it being more efficacious and thorough than any liniment or liquid remedies. You'll say so after using.

New Light on Rheumatism.
"I had been completely disabled from rheumatism. I used Parker's tonic for kidney disease, when to my astonishment the rheumatism completely disappeared." So writes Mrs. Henry Bogert, of No. 454 Atlantic avenue, Brooklyn, N. Y. Rheumatism arises from the failure of the kidneys to separate the uric acid from the blood.

MAMMOTH CHEAP STOVE STORE. H. J. ASH, 9 East Columbia Street. Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unqualified testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt her skin from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years Sarsaparilla combined with every form of Potassio-iodine and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was afflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven months ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She is now taking the sixth bottle, three tablespoonful four times daily. Every appearance of the disease has gone, and her skin is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 33 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 185 Mullett street, or by me JOHN F. BRADLEY, 44 Griswold St. Detroit, Mich., May 16, 1885.

ON DECK.

Postmaster Kaough Ready for the Special Postal Delivery

The special postal delivery goes into effect October 1, and Postmaster Kaough has received two thousand of the special postal delivery stamps. They are of a dark-blue color, rectangular in shape, with the words "Special Postal Delivery" across the top, while beneath it in a shield is the legend, "Secures immediate delivery at a special delivery office, ten cents." To the left of this inscription is the figure of a messenger boy holding a letter in his hand while he speeds along to the owner of the address. Above this are the words "United States." The immediate delivery system will be adopted here promptly the morning of October 1. Two carrier boys will probably be employed and they must be of vigorous health, good moral character and be of steady habits. It will take two to attend to the business, it is presumed, and they must be in constant attendance at the postoffice from 7 a. m. until midnight. Their salary is 8 per cent. on each letter delivered.

BEFORE THE BAR.

Crooks Who Have Seen Justice and a Few Who Will.

This was a busy morning in the Circuit court. Judge O'Rourke gave D. L. Harding a judgment for \$82.78 against John H. Rosseau. He legalized the adoption of Selma, daughter of the late Ludwig Laubshere, by Ulrich Stolz, and the adoption of an unknown child by Henry Hobart. The prisoners indicted yesterday were then arraigned for trial. William H. Arnett, the negro who stole a pair of shoes, was given one year in prison. Jacob Stegmeyer, for stealing brass, was fined and sent to jail for twenty days. Judge O'Rourke took the case of old Aaron Bartell under advisement. George Ellis, Abe Johnson, Joseph Howard, William Halle, Joe Manier and Sam Dow pleaded not guilty and will have jury trials. Dow will get a pretty hard dose. He is the fellow who gave the prisoners a plan of the jail, its weak points, and the position of its inmates, and swore on a Bible to assist in an attempt to break jail. He gave the snap away and Sheriff Nelson put the parties to the scheme under lock and key.

COUP d'ETAT.

The North Side Belles Slip Up on the Grand Jury.

Last night Captain Diehl and a posse of police raided the mansion of Miss Nellie Hines, on the north side, and arrested the hostess, Maud Bowman, Bessie Lee and Jennie Davis. James Smith, John Brown, Charles Edmunds and James Johnson were guests at the house and the party gave \$20 apiece for their appearance. This morning the girls found that the grand jury had subpoenaed about half the people of Bloomingdale with a view of indicting the gay damsels. This put them in shape for a new play and summoning a carriage they drove to the mayor's office and were tried, found guilty and fined for their naughty business. Now they can make snouts at the grand jury and say, "You cannot fine us twice for the same offense." The Bloomingdale reformation society was not prepared for any such coup d'etat as this and are nicely outwitted.

More Indictments.

The grand jury returned three additional indictments to-day, one against Abraham Johnson, for forging a \$72 note on P. L. Potter. John Ellis is indicted for rape on Margaret Ackerman, a feeble-minded girl, out near the French brewery. Another indictment cannot be made public, as the person implicated has not been arrested.

The Equine Paradox.

This great attraction packed the Temple last night and standing room was sold. The matinee this afternoon was a brilliant affair. The show closes with a matinee to-morrow afternoon and a performance to-morrow night. THE SENTINEL congratulates Messrs. Mishler and Bartholomew on the success of their engagement here.

citing.

THE YACHT RACE.

The Second Great Contest Occurs
To-Day.

By Telegraph to THE SENTINEL.
SANDY HOOK, (2:30 a. m.) Sept. 11.—
Wind moderate, from the east, and the
weather is cloudy. The sea is going
down somewhat. Hope is expressed to-
day that the first real contest may take
place between the American yacht Puritan
and British yacht Genesta.

GRIN FORKEDING.

New York, Sept. 11.—It was with
grim forebodings that their journey
would be for a third time useless, that
the fleet of graceful yachts unfurled can-
vas last night and left their pleasant an-
chorage about Staten Island and headed
for the treacherous Horse Shoe. This
morning looks hopefully. Then off
shore a signal was hoisted on the flag-
staff of the Highlands. The wind was
then from the northeast and blowing at
the rate of twenty miles an hour. Ex-
cursion steamers carried but few specta-
tors.

DOWN THE RAY.

SANDY HOOK, Sept. 11.—9:45 a. m.—
The Puritan and Genesta are coming
down the bay, both under sail. The
wind is sixteen miles an hour and from
the east.

10:20 a. m.—The Genesta has dropped
the tug and is now passing under sail.

THE START.

11:30 a. m.—Preparatory signal to
start has just been given.

11:36 a. m.—The yachts have started
and both are on the port tack.

11:42 a. m.—At the start from the Scot-
land lightship, the Puritan was to the
windward of the Genesta.

11:50 a. m.—An outward-bound bark
got into the way of both yachts, com-
pelling them to pay off. This placed the
Genesta ahead.

12:10 p. m.—The Genesta is ahead,
but to leeward of the Puritan.

12:25 p. m.—The Puritan is outpoint-
ing the Genesta and is well to wind-
ward.

12:35 p. m.—The Genesta is ahead a
little more than a mile.

1:10 p. m.—The Genesta has gone
ahead. The Puritan twenty seconds
later. The Genesta is ahead.

1:35 p. m.—The Genesta is ahead.
The wind is dying out.

1:52 p. m.—The yachts have gone
about ten miles over the course. The
Genesta leads by about three minutes.

2:10 p. m.—The Puritan has gained
one minute and a half in the past half
hour.

2:25 p. m.—The Puritan has paid off to
the windward of the Genesta.

THE PURITAN AHEAD.

2:30 p. m.—The Puritan is now ahead.
2:37 p. m.—The Genesta has run up-
even with the Puritan, but the Puritan
is to windward.

BURKIN FOR THE PURITAN.

2:39 p. m.—The Puritan is two lengths
ahead.

IS IT A RACE?

3:45 p. m.—The Genesta and Puritan
have been out of sight for some time. If
they are not homeward-bound it is not
likely the race will be sailed within
seven hours, the limit of the time. The
signal service reports the wind at this
hour to be blowing at the rate of only
four miles an hour from the east.

Mr. Kelley Again Honored.

By Telegraph to THE SENTINEL.
New York, Sept. 11.—Mr. Anthony
M. Kelley was for the thirteenth time
elected and installed as president of the
Catholic Union last night. The next
convention of the association will be held
at Lancaster, Pa.

A Forger Surrenders.

By Cable to THE SENTINEL.
Baton Rouge, Mo., Sept. 11.—Andrews,
mentioned as having surrendered himself
up in Chicago for forgery, is a nephew of

City Marshal Andrews, of this city. His
parents live in Warren, Maine. Seven
years ago he forged several checks on
Down & Gaff for about \$8,000.

Pharmacists.

By Telegraph to THE SENTINEL.
Pittsburgh, Sept. 11.—The American
Pharmaceutical association concluded
its business and selected Providence as
the place for the next annual meeting in
September, 1896.

A Valuable Cargo.

By Telegraph to THE SENTINEL.
New Orleans, La., Sept. 11.—The
United States steamer Swatara left here
at 11 o'clock to-day. She has on board
\$10,000,000 in silver, doubtless the most
valuable cargo ever taken from this port.
At the quarantine station she will
transfer \$2,000,000 to the Yantic. When
this transfer is completed the vessel will
sail for its destination.

Bad Blood Spilled.

By Telegraph to THE SENTINEL.
WHEELING, Sept. 11.—Last night, in
an affray between striking coal haulers
and new men, two strikers were seriously
wounded. Later a crowd of miners
attacked the house of Isaac Jones, one
of the new haulers. Jones fired two
pounds of buckshot into them, seriously
wounding Frank Eickelker and Bernard
Moonbaugh.

Fire Renewed.

By Telegraph to THE SENTINEL.
Bearsburg, Ill., Sept. 11.—W. H.
McDonick's distillery burned last night
with most of the stock. The distillery
had been idle for some time. Loss \$40,-
000; insurance, \$18,000.

MILWAUKEE, Sept. 11.—A fire at the
Wilwaukee Cement company's mills,
four miles north, early this morning de-
stroyed three warehouses and eight
freight cars. The main building was
saved. The loss is estimated at \$35,000;
insurance, \$25,000.

Quarterly Report of the Western Union.

By Telegraph to THE SENTINEL.
New York, Sept. 11.—Dr. Marvin
Green, President of the Western
Union Telegraph Company, has pre-
sented his report for the current quar-
ter. Net revenue of the quarter end-
ing September 30th, based upon nearly
all the completed returns for July,
partial returns for August, and esti-
mating business for September, will be
about \$1,450,000; add surplus July 1st,
\$1,324,004, total, \$2,774,004. From
which appropriating for interest on the
bonded debt, \$123,708; sinking fund,
\$20,000, leaves a balance of \$2,630,295.
It requires, for a dividend of 14 per
cent on the capital stock, a surplus of
\$1,430,393. The Executive Committee
recommended that a dividend of 14
per cent be declared payable on the
15th of October, and that the stock
books be closed the 15th.

Thoron the laws of propriety are so
rigorously strict in Mexico that a gen-
tleman may not ride in the same car-
riage with the lady to whom he is be-
trothed, yet most desperate flirtations
are openly indulged in to an extent
which would put to blush New York,
Chicago, or San Francisco. Following
a senorita up and down the promenade
and staring intently in her face is an
accepted mode of compliment, gratify-
ing to the recipient, but fraught with
danger to the admirer if she happens to
have other devoted swains, and it not
unfrequently happens that duels are the
result, she being pre-eminently the belle
who can boast the greatest number of
such encounters.

T. C. Crawford tells a queer little
story as illustrating Ferdinand Ward's
rapacity. Gen. Grant, he says, was
accustomed to go up to New York to
attend a board meeting from Long
Island, and when he did he received
the usual director's fee of a ten-dollar
gold piece. This he always gave to
Mrs. Grant until she had some seventy
or eighty of them. Ward heard of this
and got hold of them. He had ac-
quired the remote saving of every indi-
vidual member of the family that when
the failure came there was not a single
member of the family who had \$100 at
his command.

THE Los Angeles Herald describes a
specimen of the vampire family recent-
ly caught there: "This huge specimen
measured twenty inches from tip to tip
of his wings, and was pretty well ar-
med with teeth and claws. His head was
as large as the heads of four or five or-
dinary bat heads combined, and well
headed with two ears fully as large as
a half-dollar. His majesty was as
vicious and warlike as a scorpion or
tarantula when confined, and his bite
would probably be as dangerous."

WANT WAR.

A Military Uprising at Madrid.

By Cable to THE SENTINEL.
PARIS, Sept. 11.—The *Le Matin* to-
day publishes a special telegram from
Madrid, via the frontier, stating that a
military uprising has taken place in that
city.

THOMASLY CHURCH.

LONDON, Sept. 11.—Advice from
Madrid says that the military rising in
that city was limited to one of the largest
barracks. The soldiers seized their arms
and shouted, "Death to our chiefs."
The authorities, who had feared an out-
break, were prepared for the rising and
vigorously suppressed it before it had
time to assume formidable proportions.
Every precaution has been taken to pre-
vent its recurrence.

NOTHING PERSONAL.

BERLIN, Sept. 11.—It is officially an-
nounced that there has been no personal
correspondence between Emperor Wil-
liam and King Alfonso regarding the
Caroline affair.

HE IS MAD.

MADRID, Sept. 11.—Admiral Topet, un-
der secretary of marine, has resigned on
account of friendly terms embodied in
the Spanish reply to Germany, respect-
ing the Caroline affair.

NOT PEACEFUL.

PARIS, Sept. 11.—Spanish news to-day
is of a less peaceful character. Bellicose
manifestations have been placarded in
many places. The *Le Paris* states it
has received information from an au-
thentic source that a German fleet has
been ordered to be in readiness in case
of emergency.

A NEGRO RAPIST

Taken from Jail and Lynched.

By Telegraph to THE SENTINEL.
CINCINNATI, Sept. 11.—Last Saturday
a negro named Seales, who had just been
discharged from the Cincinnati work
house, and had obtained employment on
a farm in Boone county, Ky., made a
brutal assault and rape upon a five year
old daughter of a poor man named Lun-
ford. The negro knew that the child
was alone in the house before he entered
it. Having threatened to kill her if she
told, the little one did not tell her mother
until her pain compelled the disclosure.

Seales was arrested and with difficulty
taken to the Burlington jail. There have
been rumors nightly of attempts to
lynch him. At midnight last night a
mob gathered at Florence, and in wagons
and on horseback went to Burlington,
broke into the jail, carried the negro to a
dark woods on the turnpike and hung
him to a tree.

THE MOLLIES

Again at Their Old Tricks in
Pennsylvania.

By Telegraph to THE SENTINEL.
SHAMOKER, Pa., Sept. 11. Mollie
Maguire's is again rampant. Nine
murders have recently occurred in the
northern coal fields and the mines are
frequently fired. Murderers and fire-
bugs go free. Moonlight rifle compa-
nies are drilling unimpeded and the as-
sociation of miners and laborers are
daily growing by hundreds. It is well
known here that the Mollie Maguire
brotherhood has been quietly organizing
since last April, and a general outbreak
is confidently looked for before Novem-
ber.

She Will Vote.

By Telegraph to THE SENTINEL.
DANVILLE, N. Y., Sept. 11. At a
meeting held here, Miss Clara Barton,
president of the International Red Cross
society, announced her intention to vote
this fall and take the voter's oath, if
challenged.

A Depot Smashed.

By Telegraph to THE SENTINEL.
HUNTINGTON, Pa., Sept. 11.—The
western half of the Union depot was

completely destroyed this morning by
the carelessness of a train hand. The
switch left of the depot was left closed
and the engineer of a coal train at full
speed ran into the depot. The loss will
probably reach \$15,000.

Mine Laborers Organizing.

By Telegraph to THE SENTINEL.
INDIANAPOLIS, Sept. 11.—The Na-
tional Miners' Convention adopted the
following resolutions:

Resolved, That we commend the
establishment of a national union to be
known as the National Federation of
Miners and Mine Laborers.

Resolved, That the membership of
this association shall be composed of
all miners and mine laborers in and
around the mines of the United States
and Territories, who will subscribe to
the constitution and laws of the feder-
ation, and be governed by them in all
their parts and conform to the prin-
ciples upon which they are based.

Resolved, That the executive and
legislative power of the association
shall be vested in an executive board,
to be composed of five members at-
large, and one member from each of
the bituminous coal producing dis-
tricts, and one member from the an-
thraxite; and in the general con-
vention the board shall guide the actions
of the association upon all questions of
general importance to its members.

Resolved, That the objects of the as-
sociation will be to promote the inter-
ests of the miners and the mine labor-
ers, morally, socially, and financially;
for the protection of their health and
their lives; to spread intelligence
among them; to remove, so far as pos-
sible, the cause of strikes, and to adopt,
wherever and whenever practicable,
the principles of arbitration and res-
triction; to urge upon all miners and
laborers the necessity to become citi-
zens, and by the use of the ballot to
secure the services of men friendly to
labor, both in our State and National
legislative bodies, and to create a fund
for the support and protection of the
members of the association.

Second—To obtain legislative en-
actments for the more efficient man-
agement of mines, whereby the lives
and health of our members may be
better preserved.

Third—To shorten the hours of labor
in the mines.

Fourth—To protect all members
who are unjustly dealt with by their
employers, while endeavoring to carry
out the behests of the association.

Fifth—To assist all similar organi-
zations which have the same object in
view, to-wit: Mutual protection of
members, and protection of labor
against the encroachment of capital.
The discussion yesterday was almost
entirely upon the question of the
screening and the weighing of coal.

New Railroad.

By Telegraph to THE SENTINEL.
LOUISVILLE, Sept. 11.—A meeting
was held last night at Jeffersonville,
Ind., and the Jeffersonville, French
Lick and Terre Haute Railroad Com-
pany was organized. The capital stock
will be \$1,000,000. Mr. Ramsey, of
Philadelphia, it is understood, will fur-
nish the capital to build the road.

By Telegraph to THE SENTINEL.
MEMPHIS, Tenn., Sept. 11.—The body
of Frank Story, representing Samuel
Cupples, of St. Louis, was found this
afternoon in the river, at the foot of Deal
street. It is supposed he was accident-
ally drowned by falling into the river
from the elevator or some steamer.

THE PENSION AGENCY.

An Opinion Prevails That Gen.
Manson Can Get it if He Will.

By Telegraph to THE SENTINEL.

WASHINGTON, Sept. 11.—A special to
the *Indianapolis Journal* says that Presi-
dent Cleveland's return has renewed the
talk among Hoosiers here about who will
likely get such federal positions as have
to be disposed of in Indiana.

Much has been said during the past
forty-eight hours about the pension
agency. General Kneller's successor, it
is said, will be determined upon very
soon. For a while the name of Mayor
Zollinger, of Fort Wayne, was spoken of
a great deal, but it seems to have drop-
ped out, for the present, at least. A
crowd of Indiana democrats were dis-
cussing the subject, when one of the best
informed remarked that he believed Gen-
eral Manson would get the place.

"I do not know that General Manson
has indicated that he would like to be
pension agent," said the gentleman,
"but I have heard a great many democ-
rats in and out of the state say he ought
to have it; and I may add that they
were men who will have much to say in
determining who the agent shall be. Gen-
eral Manson, it is said, deserves the
place on account of his eminent record
as a soldier in two wars; then he is a
democrat of decided state reputation,
while Mayor Zollinger is only Mayor
Zollinger, of Fort Wayne. If General
Manson wants the place he will get it,
and I believe he will."

Those who heard the remark seemed
to indorse it.

CONSULS NAMED.

Appointments of consuls: Henry W.
Gilbert, of New York, at Trieste; James
M. Bame, of New York, at Three Rivers,
Canada; Moses A. Hopkins, of North
Carolina, minister resident and consul
general to Liberia; Irwin Dugan, super-
vising inspector of steam vessels, sixth
district.

The marine hospital bureau is inform-
ed through the collector of customs at
El Paso, that yellow fever is epidemic in
the state of Sonora, Mexico.

Secretary Bayard was informed to-day,
by cable, that cholera is increasing in
Palermo, Sicily.

General Nelson H. Davis will be
placed on the retired list the 20th inst.
His successor, it is understood, will
either be General Roger Jones or Gen-
eral A. Baird. The former is the senior
officer, but the latter is said to have a
more brilliant record and stronger en-
dorsement.

Civil Service Commissioner Thoman
is not now in the city, and it is there-
fore impossible to ascertain all the
facts with regard to his alleged trans-
action in the Indiana township bonds.
He purchased the bonds in which he
now lives about two weeks ago, from
A. Richards and C. Martin, of this
city, for which he paid \$13,000, trans-
ferring to the vendors at par that amount
in Indiana township school
bonds. Before closing the bargain,
the owners of the property took great
pains to satisfy themselves of the char-
acter and standing of the bonds. It is
not intimated in any quarter that Mr.
Thoman was cognizant of any fraud or
irregularity in the issuance of the
bonds.

ON DECK.
Postmaster Knough Ready for the Special Postal Delivery
The special postal delivery goes into effect October 1, and Postmaster Knough has received two thousand of the special postal delivery stamps. They are of a dark-blue color, rectangular in shape, with the words "Special Postal Delivery" across the top, while beneath it in a shield is the legend, "secures immediate delivery at a special delivery office, ten cents." To the left of this inscription is the figure of a messenger boy holding a letter in his hand while he speeds along to the owner of the address. Above this are the words "United States." The immediate delivery system will be adopted here promptly the morning of October 1. Two carrier boys will probably be employed and they must be of vigorous health, good moral character and be of steady habits. It will take two to attend to the business, it is presumed, and they must be in constant attendance at the postoffice from 7 a. m. until midnight. Their salary is 8 per cent. on each letter delivered.
BEFORE THE BAR.
Crooks Who Have Seen Justice and a Few Who Will.
This was a busy morning in the Circuit court. Judge O'Rourke gave D. L. Harding a judgment for \$82.78 against John H. Roseman. He legalized the adoption of Helma, daughter of the late Ludwig Lantshere, by Ulrich Stutz, and the adoption of an unknown child by Henry Hohbart. The prisoners indicted yesterday were then arraigned for trial. William H. Arnett, the negro who stole a pair of shoes, was given one year in prison. Jacob Stigmeier, for stealing brass, was fined and sent to jail for twenty days. Judge O'Rourke took the case of old Aaron Barrell under advisement. George Ellis, Abe Johnson, Joseph Howard, William Halle, Joe Manier and Sam Dow pleaded not guilty and will have jury trials. Dow will get a pretty hard dose. He is the fellow who gave the prisoners a plan of the jail, its weak points, and the position of its inmates, and swore on a Bible to assist in an attempt to break jail. He gave the map away and Sheriff Nelson put the parties to the scheme under lock and key.

COUP D'ETAT.
The North Side Belles Slip Up on the Grand Jury.
Last night Captain Diehl and a posse of police raided the mansion of Miss Nellie Hines, on the north side, and arrested the hostess, Maud Bowman, Bonnie Lee and Jennie Davis. James Smith, John Brown, Charles Edmunds and James Johnson were guests at the house and the party gave \$20 apiece for their appearance. This morning the girls found that the grand jury had subpoenaed about half the people of Bloomington with a view of indicting the gay damsels. This put them in shape for a new play and summoning a carriage they drove to the mayor's office and were tried, found guilty and fined for their naughty business. Now they can make snouts at the grand jury and say, "You cannot fine us twice for the same offence." The Bloomington reformation society was not prepared for any such *coup d'etat* as this and are nicely outwitted.
More Indictments.
The grand jury returned three additional indictments to-day, one against Abraham Johnson, for forging a \$72 note on P. L. Potter. John Ellis is indicted for rape on Margaret Ackerman, a feeble-minded girl, out near the French brewery. Another indictment cannot be made public, as the person implicated has not been arrested.
